

MOTOR OILS FOR TRUCKS AND HEAVY MACHINERY
Technical Data Sheet (TDS)

M-10VG2TSS

Marine Oil

Mixture of base oils, which are produced from low-sulfur and sulfur crude oils, with effective additive package

Application area

To be used for circulation systems of middle-speed trunk-piston engines of moderator force extend, low-speed crosshead type ones, diesel driving electric generators, reducers, compressors and other machinery of vessels requiring application of oils with high moisture resistance

Properties

- Water resistant;
- Good emulsifying properties
- Easy separate water by separation

Compliance to international standards

SAE 30
 API CC

Characteristic	Value
Kinematic viscosity at 100°C, mm ² /s	10.0-11.0
Density at 20°C, kg/m ³	910
Viscosity index	92
Flash point in open crucible, °C	210
Pour point	мінус 10
Base number mg KOH/g	9.0
