

MOTOR OILS FOR PASSENGER CARS

Technical Data Sheet (TDS)

20w50

ALL-SEASON MINERAL OIL

M 20W-50 is formulated on high performance virgin base stocks in combination with selected additive package to reach the performance.

-22 °C

+45 °C

Application area

M 20W-50 is a multi functional mineral engine oil for older gasoline-, diesel- and LGP engines of passenger car and light vans with or without turbo compressor.

Properties

- Stable viscosity index.
- Good protection against rust, corrosion and wear.
- Good dispergency and detergency properties.
- Good antifoam properties.

Compliance to international standards

SAE 20W-50
API SF/CC
